

CONVERSION STATEMENT FOR FEGLI

I have been informed by Retirement Division that I have 31 days from the date of my retirement (3 February 1994) to apply for a conversion plan under the Federal Employees' Group Life Insurance Program (FEGLI) for any FEGLI coverage I am unable to carry into retirement.

I am aware that if I wish to convert such portions of my FEGLI Life Insurance I must complete SF-2819, "Notice of Conversion Privilege", and return it to Retirement Division no later than 21 days following the date of retirement so that my request may be processed within the authorized time frame.

Please Note: Failure to follow instructions on the reverse side of the FEGLI conversion application could result in denial of the conversion privilege.
